

PRESS INFORMATION

SLS - FULL SAIL AHEAD AT WEYMOUTH!

This September, SLS was commissioned by the Royal Yachting Association to provide the Overlay, Look and branding for two events, held consecutively at the Weymouth and Portland National Sailing Academy in Dorset.

RS:X World Windsurfing Championships, 3rd – 11th September

Skandia Sail for Gold Regatta, 14th – 19th September

Over these two events, SLS installed 1800 m2 of temporary structures, retail units and information points, working to some very tight timescales and deadlines!

Products: flagpoles, fence scrim, archway, wayfinding, entire event electrics, large range of furniture, double deck commentary vehicle, fencing, toilet hire and portacabins.

"The RS:X World Windsurfing Championships and the Skandia Sail for Gold Regatta were two of the most high-profile events the RYA has staged to date at the Weymouth and Portland National Sailing Academy, which of course will play host to the 2012 Olympic and Paralympic sailing events in just under three years' time," said RYA Competitions Manager David Campbell-James. "The overlay supplied by SLS at these regattas proved really impactful and helped the venue come alive, in keeping with the professional, world class status of these major events."
